Wholesale Price List

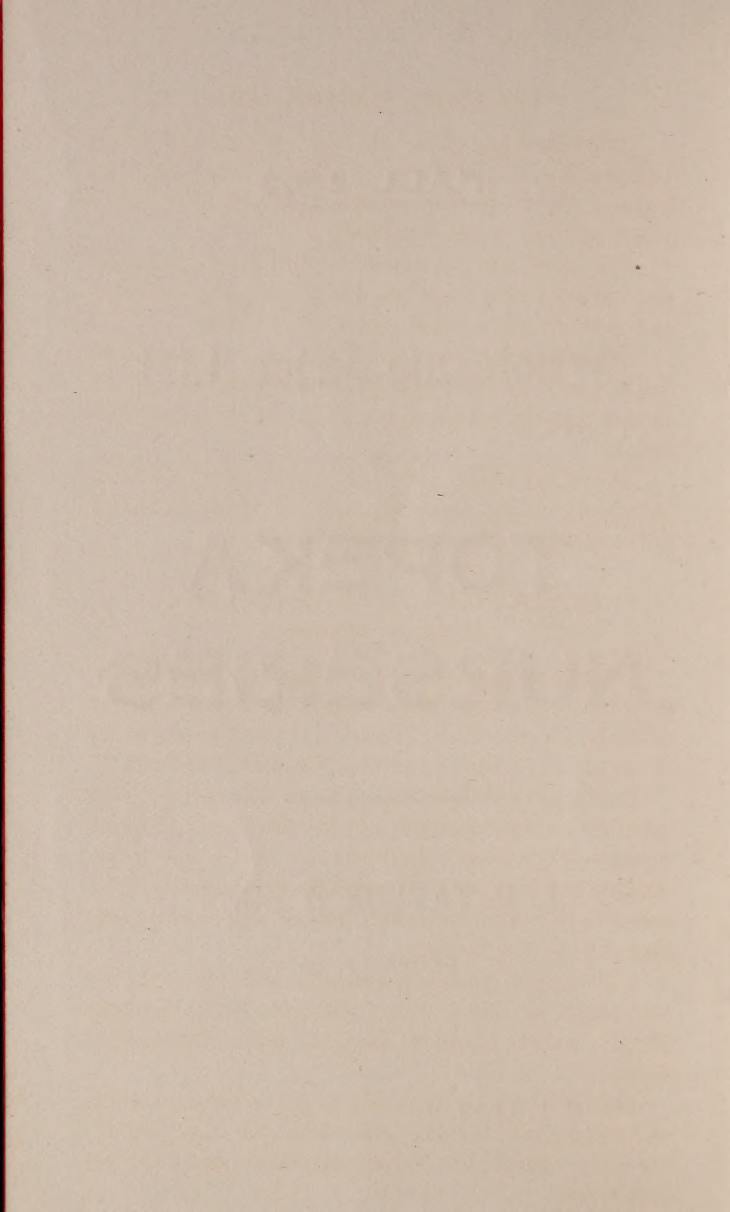

.. OF ..

**TOPEKA
NURSERIES**

L. R. TAYLOR & SONS

PROPRIETORS

October 1, 1902

TO OUR PATRONS.

In presenting herewith our Wholesale Price List for the Fall of 1902, we wish to thank our customers for their past patronage and to solicit a share of their future business.

The stock quoted herein is well grown, healthy and strictly first class in every respect. Grades and quality guaranteed equal to the best.

Our stock is free from disease; no San Jose Scale, and is all covered by Entomologist's certificate, a copy of which appears on the cover of this list.

All orders entrusted to us shall have our best care and prompt attention, and we shall endeavor to fill same to your entire satisfaction.

LOCATION AND SHIPPING FACILITIES.

Topeka is located sixty five miles west of Kansas City on the main lines of the Atchinson, Topeka & Santa Fe; the Rock Island; and the Union Pacific R. R. and on a branch of the Missouri Pacific R. R.

Our railroad facilities are of the best. This point is the headquarters for the Atchinson, Topeka & Santa Fe System; their big car shops, one of the biggest institutions of its kind in the country is located here, and we are able to get any kind or any size car on short notice.

Our Cellar Packing grounds and the bulk of our plant is but a short distance from Freight Depots, making a short haul and little exposure to stock.

Our Office is in the eastern part of town, corner of Seward Avenue and Ash Street, on the electric car line. Take the "Oakland Car" and ask the Conductor.

PRICES.

Prices quoted herein are net; boxing and bailing additional. No charge for packing or packing material where stock is loaded in bulk in car load lots.

Prices are for Fall of 1902 and are subject to change without notice.

TERMS OF PAYMENT.

Cash, security or satisfactory references before shipment. Orders to be sent C. O. D. must be accompanied with at least one-fourth cash.

All claims for errors and deductions must be made within six days after receipt of goods.

PACKING AND SHIPPING.

Our early fall shipping begins about October first and late fall shipping for winter storage about November first.

Packing done in boxes and bales. We advise boxes, as stock carries in much better shape and is less liable to injury from drying out or freezing, and freight rates are much cheaper on box lots.

Our boxes are usually made of well seasoned cottonwood which makes a very light box and also a very tough one. Box charges are as follows: 9 and 10 foot, 2½ foot heads (holds about 300 No. 1 trees) at \$2.50 each; 9 and 10 foot, 2 foot heads at \$2.00. Other sizes in proportion.

No charges for delivering goods to freight or express depots.

We prefer customers to give their own routing instructions, in the absence of which we use our own judgment. Our responsibility ceases when

stock is delivered to depots, and all claims for damages caused from losses or delays while in transit must be made on the carriers.

GUARANTEE.

We take great care in packing all orders to see that each variety is true to name, and are always ready to replace any stock that proves untrue or to refund the money paid for same. It is, however, understood between the purchaser and ourselves that in no case and at no time will we be held liable for more than the original amount paid for the goods.

SAMPLES.

We are always pleased to send samples to prospective purchasers free of charge.

TELEGRAMS.

All telegraphic orders receive immediate attention. We endeavor to get rush orders off the same day they are received if at all possible.

To avoid delays in delivery all telegrams are telephoned promptly to our office.

REFERENCES.

As to our responsibility we would refer those unacquainted with us to the Bank of Topeka, the Commercial Agencies or to any business house of this city.

As to the kind of stock we grow, manner of grading and filling orders we would refer to the leading Nursery firms of the country.

Two Year Apple.

	Per 100	Per 1000
No. 1, 5 ft., and up, $\frac{3}{4}$ in. and up...	\$8.00	\$75.00

L. R. TAYLOR & SONS,

Topeka, Kansas.

Telephone 318.

University of Kansas.

Certificate of Nursery Inspection.

Lawrence, Kans., Aug. 20, 1902.

THIS IS TO CERTIFY that I have inspected the growing nursery stock on the premises of L. R. TAYLOR & SONS, situated at Topeka, Kansas, and have found thereon no indications of the presence of the San Jose scale or other dangerous insect or plant disease.

This certificate is invalid after June 1, 1903.

S. J. HUNTER,

State Inspector of Nurseries.
